Note: Due to the difficulty of gathering accurate information in a timely manner, clubs that participated in international projects that did not specifically involve a Rotary matching grant are not listed here. Nevertheless, their efforts in international service are highly valued and deserve recognition in a future report.

If you would like your club's non-matching grant international service project included in a supplemental report, please send the information to Ron Kelemen (ronk@thehgroup.com) by May 2.
